

Based on international advanced design concept, upgrade the structure, adapt to the needs of various users.

Adopt international advanced production facilities—laser cutting machines, automatic welding

robots, CNC facilities etc, to achieve top standard tooling operations.

Combine chemical treatment process and electrostatic spraying process, ensure perfect appearance.

Main tube thickness: 3mm, combine oval tube thickness: 50*100mm

Exercise arms by using weight plates.

Sitting closely to the back cushion, grasp the weight plates each side.

Exercise the pectorals and deltoids and keep the stability of the shoulder joint.

Specifications

DIM: (L) 1720* (W) 1670* (H) 1200mm

N. W. : 68KG
